SUPPLEMENT TO REPORT NO.

- On 10-14 October, conferences on the DDR budget for 1951 took place in the Finance Ministry. Participants were Finance Director Georgino, General Sudget Director Fängler, and other officials from the Finance Ministry and ministries whose budgets were under discussion.
- Under a plan calling for a general expansion of the German Academy of Sciences, the latter is to raise the present number of 1,000 employees to 2,000 in its 46 research institutes.
- Among twelve new institutes to be established during 1951, an "Institut X" for nuclear research is to be built in Miersdorf (N53/VO3), 10 km. southeast of Berlin.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
